

EDDINS
INSPIRED LIGHTING

At **Eddins**, we believe that lighting is beyond functionality and we work to provide an inspirational range of unique products designed to meet the needs of Architects / Designers to enhance the concept and interior ambience.

We sincerely hope our products and ability will transform our Client's inspiration and imaginations to reality... We continuously strive to innovate and upgrade our existing range and also introduce innovative energy efficient products to keep in pace with the global aspiration.

We design and manufacture in conjunction with our technical expertise and experience to provide an extensive range of quality products of both standard and

BESPOKE

product designs suitable for high quality contract interiors. We deploy stringent quality management system which starts from initial design to the final product.

Our Design department would be pleased to assist your project product designs, CAD drawings, 3D visuals, lighting design calculations from the initial stages. Our highly experienced lighting consultants in International Hospitality market would be delighted to meet and discuss in detail.

Design and manufacture of Bespoke light fittings has become a significant part of our business, we use diverse range of materials like Glass, Poly-Resin, Crystals, Natural Materials as per the project needs, specification and design aspects.

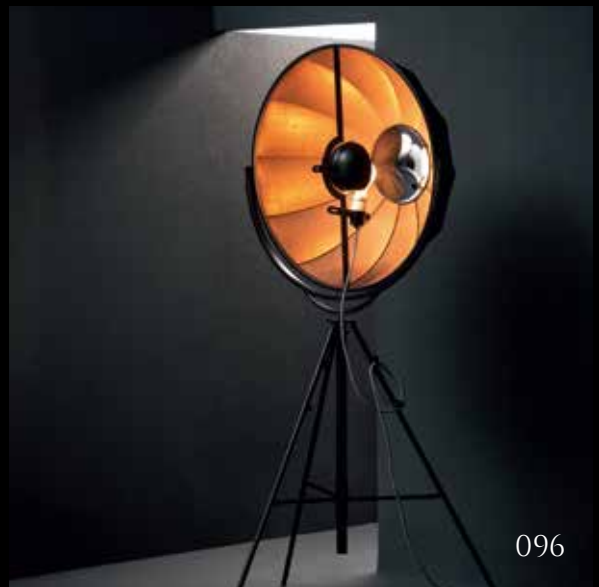

Outstanding Bespoke Lighting
for the International Hospitality Market

Terms & Conditions

Definition

The Term "company" used throughout these terms and conditions refers to EDDINS Lighting Limited.

Conditions of Sale

Orders will only be accepted subject to EDDINS Lighting Limited conditions of sale, copies of which are available upon request.

Specifications

EDDINS Lighting Limited makes every effort to ensure the accuracy of the information contained in this brochure. However as our policy is one of continual improvement we reserve the right to amend specifications without notice.

Orders

All Orders are accepted subject to the company's conditions of sale.

The background of the entire page is a dark, almost black, space filled with numerous translucent, glowing droplets of varying sizes. The droplets are primarily in shades of deep blue and purple, with some showing bright highlights that suggest a light source from the side. They appear to be in motion, with some overlapping and others floating independently, creating a sense of depth and fluidity. The overall effect is ethereal and modern.

Eddins Lighting Limited

Conference House, 152, Morrison Street
The Exchange, Edinburgh, EH3 8EB
United Kingdom.
