## About us and our focus

Founded in 2003 in Dubai to service the lighting industry in MENA Region. We are a dedicated group of Lighting professionals with vast experience in the industry and are pioneers in the use of LED sources for outdoor infrastructure applications.

With over 200,000 LED outdoor lighting units supplied including the oldest infrastructure installations in the Middle East region with LED, RUUD Lighting Arabia has demonstrated Leadership and Proven Performance in LED based illumination in the challenging regional environment.

A new range of RUUD Lighting LED Products for Indoor and Outdoor applications has been developed and launched in 2020. With class leading efficacy, efficient optics and superior thermal management, these products epitomize the RUUD principle of quality and performance while providing excellent value for money.

### Engineered Lighting Solutions

Ruud Lighting Arabia offers design based lighting solutions to cater to requirements of specific luminaire applications. Engineered to offer the most efficient optical configurations, appropriate Color Temperatures and comfortable illumination for users of a space, our solutions always enable reduction in capital and operational costs, while ensuring compliance to prevalent lighting codes and environmental standards.

Our commitment to a project is to provide energy efficiency, timely execution and quality product to the complete satisfaction to our clients. Our after sales support and services has been recognized and appreciated by the customers we serve.

# Table of Contents

## A. Application – Indoor and Outdoor luminaires

### 1. Flood & Area 7-18

- Vanquisher LED Floodlight
- Conqueror LED Floodlight
- HML LED Street / Area
- ACE LED Sports / Area
- Watchman LED Floodlight
- Elite LED Roadway

### 6. Security 57-66

- Watchman LED Floodlight
- WP LED Wall Pack
- IC LED Bollard
- EyeLED LED Wall Pack
- Oyster Round / Square LED Surface Luminaire

### 2. Roadway 19-26

- HML LED Street / Area
- ARC Series
- Elite LED Roadway Series

### 7. GardenSCAPE Series 67-94

- IC LED Bollard
- GAP LED Pathway Luminaire
- GBL Series Bollard
- GFL Underwater Luminaire
- GMF Series Accent Flood
- GLA LED Anti Glare Accent Mini Flood
- GWB Series UP and Down Luminaire
- GMU Series Mini Recessed Uplight
- GUL SMD LED Inground Uplighter
- GUL COB LED Inground Uplighter
- GULN LED Linear Inground Luminaire

### 3. Sports Lighting 27-36

- Vanquisher LED Floodlight
- Conqueror LED Floodlight
- ACE LED Sports / Area
- Watchman LED Floodlight
- RHB LED High Bay

#### ❖ GardenSCAPE ParkWay Series

- GP1-4 Series ParkWay LED Luminaire
- GP5 Series ParkWay LED Luminaire
- GP6 Series ParkWay LED Luminaire
- GP7 Series ParkWay LED Luminaire
- GP8 Series ParkWay LED Luminaire
- GP9 Series ParkWay LED Luminaire

### 4. Canopy & Parking 37-46

- DPY LED Canopy
- CL LED Canopy
- TWP LED Tubular Triproof
- Exceed LED Batten

### 5. Industrial, Warehouses & Cleanroom 47-56

- Watchman LED Floodlight
- RHB LED High Bay
- LLH LED Linear Low Bay
- DPY LED Canopy
- TWP LED Tubular TriProof
- Exceed LED Batten

### 8. Indoor – Commercial & Office Lighting 95-107

- PP Premium LED Panel
- PP-IP Premium LED Panel
- BC LED Downlight
- DWP LED Downlight
- RETX LED Downlight
- RETX-ADJ LED Downlight
- Oyster Round / Square LED Surface Luminaire

# Table of Contents

## B. Specification – Downlight, Linear & Track Section

### 1. LED Recessed Spotlight CLASSIC Series 109-120

- A2020C-SM
- A2020C-SM-T
- A2020C-M
- A2020C-M-T
- A2020C-L
- A2020C-L-T
- A2020S-SM
- A2020S-SM-T
- A2020S-M
- A2020S-M-T
- A2020S-L
- A2020S-L-T

### 2. LED Recessed Downlight PRIME Series 121-126

- B2120S-SM
- B2120S-M
- B2120S-L
- B2120S-XL

### 3. LED Recessed Grille Spotlight MULTI Series 127-136

- C2220-M-1
- C2220-M-2
- C2220-M-3
- C2220-L-1
- C2220-L-2
- C2220-L-3

### 4. LED Recessed Damp Proof Spotlight MICRO Series 137-145

- D2320C-SM
- D2320S-SM
- D2320C-M-T
- D2320S-M-T
- D2320C-L
- D2320S-L
- D2320C-XL-T
- D2320S-XL-T

### 5. LED Recessed Damp Proof Downlight PRO Series 146-155

- E2420-4
- E2420-5
- E2420-6
- E2420-7
- E2420-9

### 6. LED Recessed Weatherproof Downlight KING Series 156-162

- F2520-3
- F2520-4
- F2520-5

### 7. LED Recessed Weatherproof Downlight GIANT Series 163-170

- G2620C-4
- G2620S-4
- G2620C-5
- G2620S-5
- G2620C-6
- G2620S-6
- G2620C-9
- G2620S-9

### 8. LED Surface Mounted Downlight TERETE Series 171-186

- H2720C-SM-3
- H2720C-SM-3.5
- H2720C-SM-4
- H2720C-SM-5
- H2720C-SM-6
- H2720S-SM-3
- H2720S-SM-4
- H2720S-SM-5

### 9. LED Track Spotlight TRACK Series 187-202

- J2820-TR-4
- J2820-TR-6
- J2820-TR-5
- J2820-SM-4
- J2820-TR-6
- J2821-SM-7.5
- J2821-TR-7.5
- J2821-SM-8
- J2821-TR-8
- J2821-TR-8.5

### 10. LED Linear Luminaire LINE-1 Series 203-205

- K3020-A-1
- K3020-A-2
- K3020-A-3
- K3020-B-1
- K3020-B-2
- K3020-B-3

### 11. LED Linear Luminaire LINE-2 Series 206-208

- L3120-1
- L3120-2

### 12. LED Linear Luminaire LINE-3 Series 209-213

- M3220-D
- M3220-E
- M3220-F
- M3220-G
- M3220-A-W

## C. Connected Lighting

### 1. Indoor & Public Realm Lighting 214-217

A. Application – Indoor and Outdoor Luminaires

# FLOOD & AREA

High Performance With Low Energy Consumption

## VANQUISHER SERIES

### LED Floodlight

#### Performance Summary

- Lumen output: 57,600 – 159,500lm
- Efficacy: Up to 145lm/W
- Ra: >70 (Ra>80 & Ra>90 Optional)
- CCT: 4000K – 5000K
- Colour consistency: SDCM<6
- Operating temperature: -30°C - +45°C
- Ingress protection: IP66
- Impact Resistance: IK08
- Dimming option: 1-10V & DALI
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- Tempered safety glass diffuser option.
- Multiple mounting options to fit different structures. Detachable driver compartment for remote mount option.
- Quick & easy installation.
- Colour: Matte Grey as standard finish

#### General Information

Model	Series	Optic	Diffuser	Wattage	CCT & Ra	Voltage	Controls
VNQ4	A	9D 9° Beam	N Without Diffuser	550W		100-277Vac 50/60Hz	1-10V Dimming
				1100W			
		15D 15° Beam	TG Tempered Glass	480W		220-240Vac 50/60Hz	DALI Dimming
				960W			
				N Without Diffuser			
	TG Tempered Glass	1100W					

#### Dimensional Details

## CONQUEROR SERIES

### LED Floodlight

#### Performance Summary

- Lumen output: 63,000 – 112,000lm
- Efficacy: Up to 140lm/W
- Ra: >70 (Ra>90 Optional)
- CCT: 5000K
- Operating temperature: -30°C - +50°C for driver mounted remotely, 30°C - +45°C for driver fixed to luminaire.
- Ingress protection: IP66
- Impact Resistance: IK08
- Colour consistency: SDCM<5
- Dimming option: 1-10V & DALI
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- No UV/ flickering, ideal for HD broadcasting
- Mounting: The Conqueror luminaire is complete with two angular lockable scales on the trunnion arm which are used for vertical and horizontal aiming of the fixture on site.

#### General Information

Model	Series	Optic	Wattage	CCT & Ra	Voltage	Controls
CQR4	B	9D 9° Symmetrical Beam	600W 800W	4000K Ra>70 5000K Ra>70	100-305Vac 50/60Hz 220-240Vac 50/60Hz	1-10V Dimming  DALI Dimming
		15D 15° Symmetrical Beam	450W 600W 800W			
		40D 40° Symmetrical Beam	500W 600W 800W			
		45D 45° Symmetrical Beam	450W			

#### Dimensional Details

450W - 14.80Kg

500W / 600W - 23.20Kg  
800W - 24.70Kg

## HML- HIGH MAST SERIES

### LED Floodlight

#### Performance Summary

- Lumen output: 30,130 – 113,760lm
- Efficacy: Up to 170lm/W
- Ra: >70 (Ra >80 & Ra>90 Optional)
- CCT: 3000K – 6500K
- Colour consistency: SDCM<5
- Operating temperature: -40°C - +50°C
- Ingress protection: IP66
- Impact Resistance: IK10
- Dimming option: 1-10V & DALI & 7 pin NEMA Receptacle.
- Lifetime: >50,000 Hrs.
- Warranty: 10 years. Limited warranty, please contact your local agent for detailed T&C.
- Symmetrical & Asymmetrical light distributions to suit different requirements.
- The HML luminaire is equipped with multiple beam clamp to securely fasten the 60-70mm horizontal tenon to the luminaire.
- Light weight construction for quick & easy installation.
- Colour: Black & Silver Grey

## ACE SERIES

### LED Sports / Area Luminaire

#### Performance Summary

- Lumen output: 47,228 – 65,341lm
- Efficacy: Up to 164lm/W
- Ra: >70 (Ra>80 Optional)
- CCT: 3000K - 5000K
- Operating temperature: -40°C - +50°C
- Ingress protection: IP66
- Impact Resistance: IK10
- Colour consistency: SDCM<5
- Dimming option: 1-10V, DALI & NEMA Receptacle
- Lifetime: >50,000 Hrs.
- Warranty: 10 Years. Limited warranty, please contact your local agent for detailed T&C.
- Over voltage, short circuit & over temperature protection.
- 10kV Surge protection as standard, 20kV Optional.
- Lightweight construction and multiple mounting options for quick & easy installation.
- Colour: Black, White, Silver Grey, Bronze, Tennis Court Green

#### General Information

Model	Series	Optic	Wattage	CCT & Ra	Voltage	Controls

## ELITE ROADWAY SERIES

### LED Street & Area Lighting

#### Performance Summary

- Lumen output: 4,200 - 25,000lm
- Efficacy: Up to 140lm/W
- Ra: >70
- CCT: 3000K – 6500K
- Operating temperature: -20°C - +50°C
- Ingress protection: IP66
- Impact Resistance: IK08
- Dimming option: 1-10V, DALI & 7-pin NEMA Receptacle
- Lifetime: >50,000 Hrs.
- Warranty: 7 Years. Limited warranty, please contact your local agent for detailed T&C.
- Future proof design: 7 Pin NEMA Socket<sup>1</sup> with shorting cap.
- Mounting: Direct mount to tenons of OD 42mm, 64mm & 76mm. Tilt angle  $\pm 15^\circ$  in  $5^\circ$  steps.
- Installation: Tool-less entry for easy maintenance & no visible screws on luminaire surface. Fitted with dual spirit level to accurately install the luminaire.
- Quick & easy installation.
- Colour: Silver Grey, White & Black

#### General Information

Model	Series	Optic	Wattage	CCT & Ra	Voltage	Controls
EL18	A	Type II Short	30W	3000K Ra>70	100-240Vac 50/60Hz	Non-Dimmable

- Impact Resistance: IK08
- Colour consistency: SDCM<5
- Dimming option: 1-10V & DALI
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- No UV/ flickering, ideal for HD broadcasting
- Mounting: The Conqueror luminaire is complete with two angular lockable scales on the trunnion arm which are used for vertical and horizontal aiming of the fixture on site.

## ACE SERIES

## LED Sports / Area Luminaire

## Performance Summary

- Lumen output: 47,228 – 65,341lm
- Efficacy: Up to 164lm/W
- Ra: >70 (Ra>80 Optional)
- CCT: 3000K - 5000K
- Operating temperature: -40°C - +50°C
- Ingress protection: IP66
- Impact Resistance: IK10
- Colour consistency: SDCM<5
- Dimming option: 1-10V, DALI & 7-Pin NEMA Receptacle
- Lifetime: >50,000 Hrs.
- Warranty: 10 Years. Limited warranty, please contact your local agent for detailed T&C.
- Over voltage, short circuit & over temperature protection.
- 10kV Surge protection as standard, 20kV Optional.
- Lightweight construction and multiple mounting options for quick & easy installation.
- Colour: Black, White, Silver Grey, Bronze, Tennis Court Green

## INDUSTRIAL, WAREHOUSES & CLEANROOM

Quality Industrial and warehouse lighting ensures that the lighting is sufficient in all of the areas and enough for workers to know and be able to see what they are doing contributing to their overall health and safety. Conditions such as extreme temperatures, vapours, moist, dust and other factors should be taken into consideration and provide lighting solutions suitable for these environments.

## IC GardenSCAPE Series

### LED Bollard

#### Performance Summary

- Lumen output: 860 - 1,500lm
- Efficacy: Up to 86lm/W
- Ra: >80
- CCT: 3000K –6000K
- Operating temperature: -20°C - +50°C
- Ingress protection: IP65
- Impact Resistance: IK08
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- UV stabilized polyester powder coated finish.
- Symmetrical uniform lighting distribution.
- Clear PMMA diffuser.
- Over voltage, under voltage, short circuit & over temperature protection.
- Integral 1kV surge protection on driver.
- Colour: Black, White & Silver

ICR

ICL

ICF

#### General Information

Model	Series	Wattage	Lumen Output*	CCT & Ra	Voltage
ICR	A	10W	860lm	3000K Ra>80	220-240Vac 50/60Hz
ICL		20W	1500lm	-	
ICF				6000K Ra>80	

#### Dimension Details

Height 'h' 800mm as standard. However height can be customized to requirement.

\*Lumen output measured @ 5000K

The IC Series LED bollard luminaire is supplied with set of 3 anchor bolts, 2 nuts & 2 washers and templates for foundation casting.

Bollard equipped with detachable base plate for quick and easy installation

## EyeLED Series

### LED Wall Pack Series

#### Performance Summary

- Lumen output: 1400lm
- Efficacy: Up to 77lm/W
- Ra: >80
- CCT: 3000K, 4000K & 5000K
- Operating temperature: -30°C - 60°C
- Ingress protection: IP65
- Impact Resistance: IK10\*
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- UV stabilized polyester powder coated finish.
- Over voltage, under voltage, short circuit & over temperature protection.
- 1kV Integral surge protection.
- Quick & easy to install.
- Colour: Black, White & Silver

\* Contact Ruud Sales Office for details and confirmation.

## OYC / OYS OYSTER ROUND &amp; SQUARE SERIES

## LED Downlight

## Performance Summary

- Lumen output: 1,320 – 2,750lm
- Efficacy: Up to 110lm/W
- Ra: >80
- CCT: 3000K – 6000K
- Colour consistency: SDCM<3
- Ingress protection: IP54
- Impact Resistance: IK10
- Operating Temperature: -40°C to 50°C
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C.
- The choice of multiple dimming option and sensors facilitate the intelligent/smart control adapting to the environment and addresses energy conservation.
- Facilitate quick & easy installation with press release mounting brackets.
- Wall mounted and Surface mounted.

## General Information

Model	Series	Optic	Wattage	CCT & Ra	Voltage	Controls
OYC Circular	A	20° Beam Angle	S 12W	3000K Ra>80 - 6000K Ra>80	220-240V 50/60Hz	Non-dimmable
OYS Square			M 18W L 25W ADJ* 13W/18W/24W (only available in "M" size fixture)	SCT – Field adjustable colour temperature (Dip Switch)		Triac Dimming DALI Dimming Motion Sensor

## Dimension Details

Model	Wattage	Size (mm) Ø	H	Weight

- Efficacy: Up to 135lm/W
- Ra: >80
- CCT: 2700K –6500K
- Operating temperature: -30°C - +60°C
- Ingress protection: IP66
- Impact Resistance: IK08
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- Extruded and di-cast aluminum Body.
- UV Stabilized powder coated finish.
- Anti-corrosion & Anti-oxidation treatment.
- Quick & easy installation.
- Colour: Black, Silver Grey & White

**General Information**

Model	Series	Height	Wattage	CCT & Ra	Voltage	Controls
GAP1	A	3 Metre	30W	2700K Ra>80	100-277Vac 50/60Hz	1-10V Dimming
GAP2		4 Metre	40W	6500K Ra>80		DALI Dimming
		5 Metre	50W		Microwave Motion Sensor	
		6 Metre	60W		Photocell	

**Dimension**

**Installation**

The Luminaire structure is mounted to ground by casting a foundation with 20mm x (450-750)mm Anchor<sup>1</sup> bolt.

<sup>1</sup> Anchor bolts are not part of standard Luminaire

**GFL GardenSCAPE Series**

**LED Underwater Surface Mount Luminaire**

**Performance Summary**

- Lumen output: 110-1050lm
- Efficacy: Up to 70lm/W
- Ra: >80
- CCT: 2700K – 6000K & RGBW
- Operating temperature: -20°C - +40°C
- Ingress protection: IP68
- Impact Resistance: IK04, IK08 for GULD version.
- Lifetime: >50,000 Hrs.
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C.
- 316 grade stainless steel body and fasteners.
- 12V DC operation ensures the safe operation at all time and integral DC-DC constant current driver maximizes the LED life.
- Surface mount installation.
- Lightweight construction for quick & easy installation.

The Luminaire can be installed on concrete floor directly with Fischer\* bolt Standard 1.0m Lead cable, can be customized to requirement.

\* Fischer bolts are not part of standard luminaire

Model: GFLS

Weight :.110Kg.

Model: GFLD

**GMF GardenSCAPE Series**

**LED Spike and Accent Flood**

**Performance Summary**

- Lumen output: 350-2300lm @ 4000K
- Efficacy: Up to 90lm/W
- Ra: >80
- CCT: 2700K-6000K
- Operating temperature: -20°C - +50°C
- Ingress protection: IP67
- Impact Resistance: IK04
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- Anodized CNC-Machined marine grade aluminum body.
- Clear lens for better light distribution.
- Tempered glass diffuser.
- Brass cable gland PG7, IP67.
- Optional Surface mount base for wall mounting installation.
- Lightweight construction for quick & easy installation.
- Colour: Anodized dark grey finish as standard, anodized silver, anodized black & white paint finish.

**General Information**

Model	Series	Wattage	Optics (Lens/Reflector)	CCT & Ra	Voltage
GMF	A	5W	<b>Reflector</b> 15°, 25° & 38° Beam Angle <b>Lens</b> 10°, 24°, 36° & 60° Beam Angle	2700K Ra>80 - 6000K Ra>80	100-265Vac 50/60Hz
		15W	<b>Reflector</b> 25°, 38°, 60° Beam Angle <b>Lens</b> 10°, 23° & 36° Beam Angle		
		25W	<b>Reflector</b> 15°, 23°, 38°, 45° & 60° Beam Angle

L	25W	89mm	145mm	205mm	1.40kg	2,100 – 2,300lm

The luminaire can be mounted to wall or concrete floor directly with Fischer\* bolt or by using the optional surface mount base. Alternatively the Luminaire can be installed on grass bed or soil by using the Optional PVC Spike or with the optional pole & spike. Standard 1.0m Lead cable, can be customized to requirement.

\* Fischer bolts are not part of standard luminaire

**GLA GardenSCAPE Series****LED Anti Glare Accent Mini Flood****Performance Summary**

- Lumen output: 400lm @ 4000K
- Ra: >80
- CCT: 2700K – 6500K
- Operating Temperature: -20°C - +50°C
- Ingress protection: IP67
- Impact Resistance: IK04
- Lifetime: >50,000 Hrs.
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C.
- Die-cast marine grade aluminum body.
- Clear lens for better light distribution.
- Tempered glass diffuser 3.0mm.
- Rubber lead cable 1.0m, 2x1m<sup>2</sup> or 3x1m<sup>2</sup> as standard.
- Choice of 12-24Vdc or Universal mains operation.
- Lightweight construction for quick & easy installation.
- Colour: Anodized + Powder coated dark grey finish as standard, black & white

**General Information**

Model	Series	Optics	Wattage	CCT & Ra	Voltage
GLA	A	15°Beam 25°Beam	8W	2700K Ra>80 - 6500K Ra>80	AC100-265V 50/60Hz DC12-24V

**Dimension**

Model	Length	Height	Ø
GLA	146mm	101mm	55mm

**Installation**

The luminaire can be mounted to concrete floor or wall using Fischer bolt or directly to ground with optional spike. Rubber lead cable 1.0m 2x1m<sup>2</sup> for DC variant and 3x1m<sup>2</sup> for AC variant, length can be customized to requirement.

## GWB GardenSCAPE Series

### LED Up and Down Luminaire

#### Performance Summary

- Lumen output: 310lm – 800lm
- Efficacy: Up to 105lm/W
- Ra: >80
- CCT: 2700K –6500K
- Operating Temperature: -20°C- +50°C
- Ingress protection: IP65
- Impact resistance: IK04.
- Lifetime: >50,000 Hrs.
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C.
- Anodized die-cast marine grade aluminum body.
- Powder coated dark grey finish as standard
- Clear lens honeycomb for better light distribution.
- Tempered glass diffuser
- Wall mounting with round base.
- Lightweight construction for quick & easy installation.

#### General Information

50W	5,800lm	6,000lm
60W	6,583lm	7,200lm

\* Indicative lumen measured at 4000K, there will be variation in lumen output in relation with CCT, CRI & optics used.

## GP7 GardenSCAPE Series

### LED ParkWay Luminaire

#### Performance Summary

- Lumen output: 4,335 – 8,614lm @ 4000K
- Efficacy: Up to 118lm/W
- Ra: >80 (Ra>90 Optional)
- CCT: 2700K –6500K
- Operating temperature: -30°C – +60°C
- Ingress protection: IP65
- Lifetime: >50,000 Hrs.
- Warranty: 5 Years. Limited warranty, please contact your local agent for detailed T&C.
- Over voltage, Short circuit & Over temperature protection.
- Dimming options: 1-10V, PWM
- Surge Protection: 6kV integral to driver
- Quick & easy installation.
- Colour: Silver Grey, Black & White

#### General Information

Model	Series	Wattage	CCT & Ra	Voltage	Controls

## BC SERIES

### LED Downlight

#### Performance Summary

- Lumen output: 900 – 3,500lm
- Efficacy: Up to 100lm/W
- Ra: >80
- CCT: 3000K – 5000K
- Operating Temperature: -10°C to +40°
- Ingress protection: IP20
- Dimming option: 1-10V & DALI
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C
- High efficient low profile heatsink facilitate installations in shallow ceilings.
- Symmetrical uniform light distribution.
- Diffused polycarbonate diffuser for high visual comfort.
- Light weight construction for quick & easy installation.
- Colour: Silver Grey & White

OYC / OYS OYSTER ROUND & SQUARE SERIES

LED Downlight

Performance Summary

- Lumen output: 1,320 – 2,750lm
- Efficacy: Up to 110lm/W
- Ra: >80
- CCT: 3000K – 6000K
- Colour consistency: SDCM<3
- Ingress protection: IP54
- Impact Resistance: IK10
- Operating Temperature: -40°C to 50°C
- Warranty: 3 Years. Limited warranty, please contact your local agent for detailed T&C.
- The choice of multiple dimming option and sensors facilitate the intelligent/smart control adapting to the environment and addresses energy conservation.
- Facilitate quick & easy installation with press release mounting brackets.
- Wall mounted and Surface mounted.

CLASSIC SERIES  
LED Recessed Spotlight

Product No.: A2020

## CLASSIC SERIES

Product No.: A2020

## LED Recessed Spotlight

Classic series recessed spotlight, delicate body design, die-cast aluminum body with electrostatic powder coating. Being combined with high CRI / high lumen chip, precise optical lens, secondary chromed reflector and anti-glare structure, it provides an excellent optical and antiglare effect. With adjustable body structure and simple stainless steel clips the luminaires are installed and uninstalled easily & quickly.

The luminaires are suitable for application with standard height ceilings and high illuminance requirements with anti-glare and wall washer performance, like hotels, villas and galleries etc. 4 watt to 20 watt outputs with wall wash capability. Round and square overlap trims available in 3 different body sizes.

PRIME SERIES

Product No.: B2120

LED Recessed Spotlight

Prime series recessed downlight, delicate body design, die-cast aluminum body with electrostatic powder coating. Being combined with high CRI / high lumen chip, chromed reflector, anti-glare structure and frosted acrylic diffuser it presents a low and high illuminance. With exquisite stainless steel clip, the luminaire are installed or uninstalled easily.

The luminaires are suitable for the application with standard-height ceiling and high requirement on anti-glare performance, and illuminance, like hotels restaurants, offices, hospitals & shopping malls etc. Range of fixtures are 12W, 18W, 25W, 36W and complete with overlap trims. Available in 4 sizes.

MULTI SERIES  
LED Recessed Grille Spotlight

Product No.: C2220

MULTI SERIES

Product No.:C2220

LED Recessed Grille Spotlight

Square series recessed downlight, form body design, die-cast aluminum housing with electrostatic powder coating. Being combined with high CRI / high lumen chip, chromed reflector, anti-glare structure, with half-frosted tempered glass diffuser or honeycomb as options, it shows excellent optics and superior anti-glare performance. With a simple stainless steel clip, the luminaire are installed or uninstalled easily.

The luminaires are suitable for the public area requiring high illuminance and anti-glare performance, like hotels, restaurants, villas, shopping malls, boutiques etc. And 36 watt high output illuminance in overlap trims. Combination rectangular with spot and multiple optics choices.

MICRO SERIES

Product No.:D2320

LED Recessed Damp Proof Spotlight

Micro series recessed spotlight, delicate body design, die-cast aluminum and superior polished housing with electrostatic powder coating. Being combined with high CRI / high lumen chip, precise optical reflector and anti-glare structure it shows excellent optical effect. With compact body structure and a simple stainless steel clip, the luminaire are easy to install and remove.

The luminaires are suitable for application with thin ceiling and high requirement on anti-glare performance, like hotels, restaurants, villas, boutiques etc.

The luminaire is suitable for damp locations below ceiling.

Product No.: E2420

## LED Recessed Damp Proof Downlight

Pro series recessed downlight, heavy-duty body design, die-cast aluminum and superior polished housing with electrostatic powder coating. Being combined with high CRI / high lumen chip, precise optical reflector, frosted tempered glass and half anti-glare structure it provides excellent optical effect. With IP54 protection class structure & driver and professional installation accessories, the luminaire are easy to install and remove.

The luminaires are suitable for wet environment, which has high requirement on protection class and illuminance. And can be opted for airports hotels, convention centers supermarkets, and some specified indoor outdoor areas like awnings, soffits and canopies etc.

# TRACK SERIES LED Track Spotlight

Product No.: J2820

## TRACK SERIES

Product No.: J2820

## LED Track Spotlight

Track series of surface mounted track & luminaires consists of sturdy body design of aluminum alloy and CNC precision machining with an electrostatic powder coating. Being combined with high CRI / high lumen chips, precise optical lens and deep anti-glare structure, with half frosted acrylic diffuser and honeycomb as option, it shows excellent anti-glare effect with standard 3/4 line adaptor and track, body rotatable and adjustable upwards & downwards, which increases the flexibility.

The luminaires are suitable for application requiring accent lighting, like restaurants, boutiques, supermarkets, villas, clubs & exhibition halls etc.

LED Linear Luminaire

Product No.: K3020

AVISER

Tidsskrifter

PERER

LINE-1 SERIES

Product No.: K3020

LED Linear Luminaire

Line-1 series of surface mounted luminaires consists of sturdy body in an aluminum alloy with a passivated natural finish. A frosted PMMA diffuser gives high strength and high transmission factor. An Ra>90 rating with high efficiency provides excellent performance and low glare. Three mounting options are available trim-less recessed, surface and pendant.

The luminaires are suitable for office areas, which has high requirements on illuminance and specified installation request, supermarkets, hospitals, exhibition halls, showrooms etc. available in 2 variants and in 3 different lengths.

LINE-2 SERIES

Product No.: L3120

LED Linear Luminaire

Line-2 series of surface mounted luminaires consists of sturdy body in an aluminum alloy with electrostatic powder coated finish. PC optical lens and PET reflector provides superior anti-glare effect and uniform illuminance, combined with high CRI & high lumen chips. Adjustable light head with three mounting options are available track, surface and pendant.

The luminaires are suitable for areas, which has high requirements on illuminance and wall washing requirements like, supermarkets, exhibition halls, galleries, showrooms etc.

## LED Damp Proof Linear Luminaire

**Fixing Clip**

- With two screws
- Spring Steel, galvanized
- 50mmx60mmx20mm ( LxWxH)
- Load: 20kg.

**I-Connector**

- With two screws
- Aluminium and Powder-coated
- 120mmx57mmx20mm ( LxWxH)
- Load: 20kg.

**End Cap**

- Die-casting Aluminium, Electrostatic Powder Coating
- Size: 60mmx70mmx2.5 (WxHxT)
- Including Fixing Screws

**Canopy**

- Cool Rolled Steel
- Electrostatic Powder Coating
- Size: Ø70mmx40mm (H)
- Including Back Plate and Fixing Screws

**Pendant Holder**

- Aluminium Alloy Holder & Stainless Steel Clip
- Electrostatic Powder Coating
- Size: 50mmx60mmx20mm (LxWxH)
- Load: ≥20kg.

**PVC Cable**

- 3mmx0.75mmx1500m (L)
- Certificates: CCC/VDE/CE

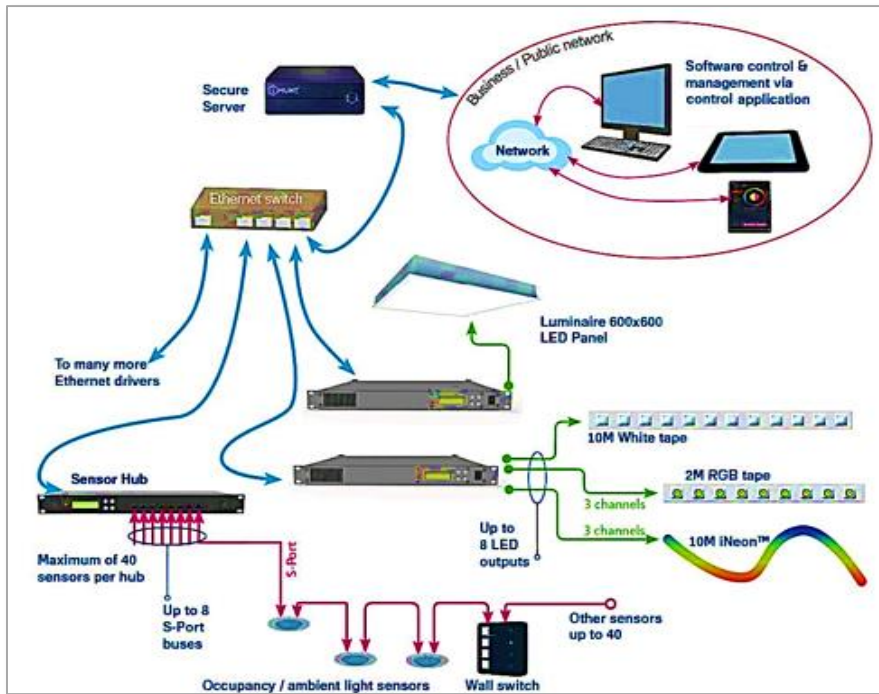

# C. Connected Lighting

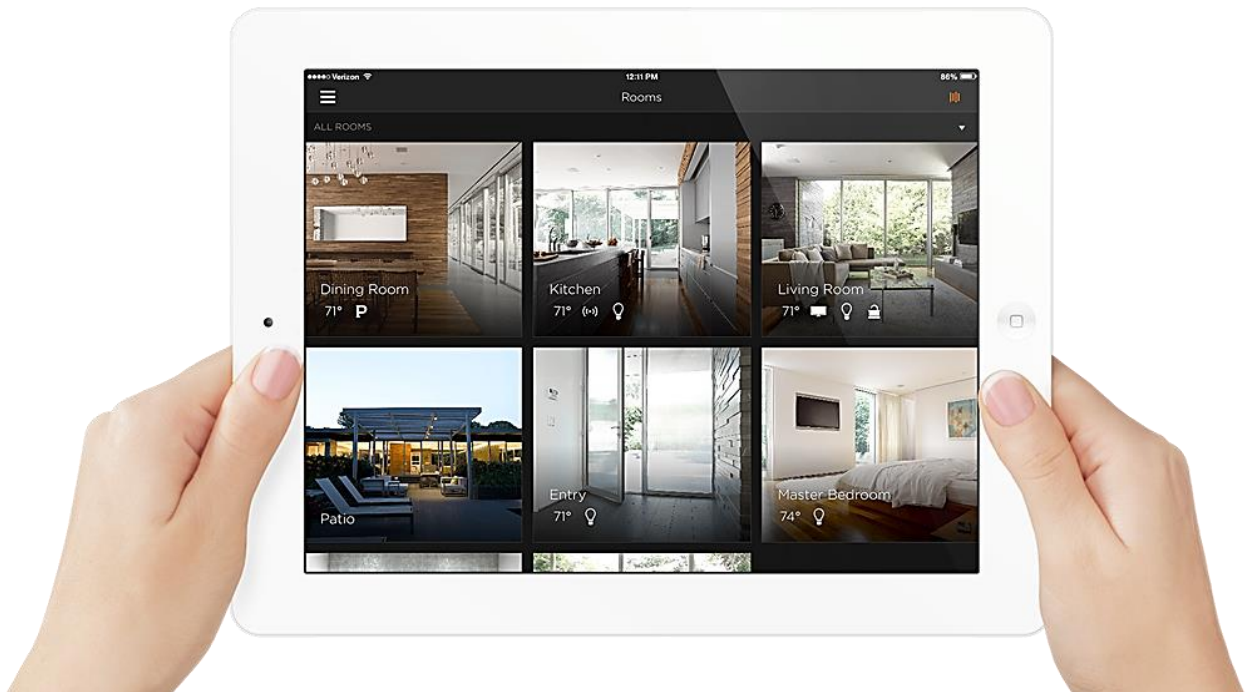

**CONNECTED LIGHTING SOLUTIONS! DELIVERING VALUE BEYOND LIGHT!**

Connected Lighting Systems enable smart solutions that provide insights and data helping make businesses more profitable. Cities, Municipalities and facility owners are looking at connected lighting solutions that helps them use spaces wisely, enabling sustainable urban development, energy savings , smart mobility, space management and asset tracking solutions through data garnered by various purpose provided sensor networks that integrate and communicate with each other seamlessly using the lighting network infrastructure.

RUUD Lighting Arabia in association with select technology partners provide connected lighting solutions in both the indoor and outdoor lighting spaces.

### Indoor Lighting:

Wireless Fidelity (WiFi) systems has permeated nearly all facets of human society and is widely in use today. It enables data transfer using the radio spectrum. On the other hand, Light Fidelity (LiFi) is an emerging technology that utilizes Visible Light Communication (VLC) instead of Radio Waves to transmit data. Since it offer greater benefits in terms of security, data transfer speeds and greatly increased bandwidths in conjunction with existing installed WiFi technology, it is expected to go main stream soon.

RUUD Lighting Arabia is assisting customers design infrastructure for a Li-Fi technology ready facility. Using patented remote driver rack systems and structured data cabling networks for Power over Ethernet (POE) based lighting systems, RUUD Lighting Arabia is pioneering the use of such lighting networks enabling substantial savings in operation and maintenance costs, while having a LiFi ready lighting network. The unique patented technology solution offered by RUUD Lighting Arabia, enables the integration of any LED based Luminaire to a connected POE lighting network, regardless of the nature of application or type of luminaire. In conjunction with sensors like temperature, CO<sub>2</sub>, Motion, Daylight, Bluetooth beacons etc, RUUD offers solutions that optimize the use of energy, space management, asset tracking and management and interconnectivity between devices enabling the Internet of Things (IoT)

## PUBLIC REALM LIGHTING

RUUD Lighting along with our technology partners provide solutions for connected lighting networks for street and outdoor lighting infrastructure. Based on devices operating within the LoRa Alliance Networks, we offer solutions for Low Power Wide Area Network Solutions (LPWAN) through the deployment of LoRaWAN based solutions which is one of the fastest growing technology alliance globally.

LoRaWAN solutions enables open communications with other networks compliant to the TALQ Smart City protocols. RUUD Lighting Arabia provides lighting network solutions that enables substantial benefits featuring Central Management, Dimming, Scheduling, Dynamic dimming, Central Monitoring, Fault reporting, Energy reporting and Remote Control of the entire lighting network for cities and municipalities. This in conjunction with applicable sensors and sensor networks enable a whole range of Smart City services to be enabled with opportunities including but not limited to Parking Management, Air Quality Monitoring, Weather based responses, Smart Irrigation Systems, Smart Garbage collection, Pest Control Systems etc.

RUUD Lighting Arabia provides advisory services and enables deployment of the lighting network infrastructure.

Our commitment to providing our customers with cutting edge technology solutions remains unwavering. Having pioneered the use of Solid State Light sources for outdoor lighting in the region in the past and with engineered solutions for connected lighting systems for facilities and public realm in the present, RUUD Lighting Arabia's commitment remains unwavering!
